

Nick's Picks

Welcome to Nicks Picks. A dick on you commentary where a guy who has no idea what he's doing shits on your shitty team. I should know, I'm in fourth place, but have been our scored by EVERYONE but the last two teams. So, congrats losers, if you're reading this, you're mathematically better than me, but i'm 1 game ahead. #WhitePrivilege.

I'll start by a short commentary on #1 and #Last, then give you an update of my picks for playoffs and saco, winners and losers.

Let's start with #1. The crown gem, the best of the best, the 9-0 Points Singularity Bryce "TheDailySnark.com is my God" Bombeck. This guy is incredible. He's scored a WAPPING 837 total points. If you guys haven't done the math, that means there is only ONE team that has scored lower than him!! What's his secret to his success? WE ALL SUCK BALLS. That's right. He has 716 points scored against him. The next lowest? 815. Wait what, 99 points higher? Literally he is the best because we are the worst. Congratulations us. Is this guy kicking players in the balls before they start? I mean, with that kinda score and the fact that I don't know what he does for a living, I'm getting a little suspicious myself. Bryce, you're my hero. You are a shoe in for the playoffs. And I'm betting my house and home you lose handily first round.

Best of the worst #1. HingleMcCringleberry. First off I have to say congratulations, not only are you the absolute worst. But the week you played Silver Bullets. You broke 100 points. One of 3 times you broke your average 83 points. He HANDELY stomped on you scoring 150. Which from what I've seen is the best single score anyone has done by OVER 29 points! Why is this such a big deal. I checked. Guess how many times Silver bullets has changed his Lineup? Ok actually most weeks but he is the only one I've seen forget to move players. Which means he SHOULD have scored more points. So for once the Fantasy gods are right. You're the worst of the worst. And we hate you. That's why there is a picture of you hanging on our walls. It's not out of love. It's out of shame. Will, the couch is your corner because you need to sit there and think about what you've done.

Current Ranking	Why YOU/Uke think you are where you are	Playoffs / Sackoffs	Projected Place	Why You Suck
Points Singularity	I sit on the couch and it makes me win	Impossible to predict. So late in this season	Last winner	Cuz you're a lucky mother f-er
I am the Kareem	Ask me anything about football, I know more than you	Playoffs for sure	Math says he should win. Cozmo Colin says he should win more	Having a sheriff in town makes you feel safe. But do we really want to bolster that ego? He may NEVER shut up.

West coast Browns	You know I just uh. I like watch the games and make trades when I need to and stuff.	Playoffs	Solid contender. Top 4	Sneaky bastard that no one saw coming.
I Got Big Apples (It's a joke about balls guys. And New York)	My brother helps me cheat. Also I can't spell	Sackoffs... unless you guys SUCK	At least I'd be on top of the bottom	Um, guys don't suck, they lick. RUNNNiNNiNNNN
Voodoo Mama Juju	Sandra is giving you advice	Playoffs	Top 4 if you can get yo shit together	Yo juju, Alexander, is handing you losses. I'd give up on life
D1 Bound	You shoot for the stars. And landed in mediocrity.	Maybe you'll get lucky	So lucky.	Sometimes you should come up with more realistic dreams
Manaconda	You were a man. But now you're just a snake.	Maybe if you dick them	Top of the bottom	compensating for your lack of testosterone by squashing your balls one the motorcycle... it's not working
RIPCMIKEHYPETRAIN	I used to give it to Marshawn... but he's gone, so I can't even	Sackoffs	Top of the bottom	You're dick clearly doesn't WAG as well as it used to
The Belidicks	Sitting on his San Jose Mountain, plotting how to be a slumlord. The bastard, should pay attention to football instead	Sackoffs	Middle bottom	If he EVER responded or even read the txts, maybe we would know
Weekly Nesty Trigger	I thought it was soccer WOWWOW WOW	Unfortunately Sackoffs	Top of the bottom	Life handed you a great team. Then democracy showed you life isn't fare.
Silver Bullets	Sometimes I log on and do things	Sackoffs	Bottom	We miss you. On the field and in real life
HingleMcCringleberry	You've been gone so long you've forgotten how to win	Sackoffs	The very bottom	You chose a better life outside of SF. We are proud. But it won't get you a V.
